Meet our Intern

Hello! My name is Natalie Bailey, and I am a senior at East Noble High School. Through our ICE program, I can go to school for half a day, and for the rest of my

day, I can go to work. I was lucky enough to begin my first internship here at Be Noble. I am already enjoying my time here as an intern and am looking forward to what the future holds for me.

I am excited to continue my work experience here, and look forward to learning new, and vital working skills that will help me better prepare for life after High School.

Work Noble

Looking to hire someone or looking for a new job?

Check out [WorkNoble.org](https://www.worknoble.org)

Work Noble, powered by Be Noble Inc. and its diverse partners, is dedicated to helping individuals in Noble County achieve their career and personal goals. Our mission is to connect job seekers with livable wage opportunities, offer resources for earning high school equivalency and skill development, and provide support for navigating transitions in family, household, or career to foster independence and success.

brightpoint  **For a Brighter Future.**

Community Partnership - Brightpoint

Did you know that one of Brightpoints focuses is dedicated to helping young people stay in school through graduation, pursue postsecondary education, and secure quality entry-level jobs leading to career advancement opportunities.

They are looking for companies and volunteers to help them expand their efforts to prepare students for the workforce and to offer valuable real-world experiences.

They invite you to help in any of the following ways:

- **Internships:** Provide students with hands-on experience in your industry, helping them develop essential skills and gain insights into their future careers. We pay our students, so this is no cost to you! Our interns are often considered volunteers through the employers volunteer program, so if you have a volunteer program I can share how we can work together to get you the volunteers you need!
- **Job Shadows:** Allow students to spend time during the day, observing professionals in their work environment, offering a glimpse into day-to-day operations and career pathways.
- **Company Tours:** Host students at your facility for a tour, showcasing your business and inspiring them with the opportunities available in your industry.
- **Guest Speaking:** Share your knowledge and experience by coming to our classrooms and speaking to our students about your career journey, industry trends, and the skills needed to succeed.
